McAdoo Says P.O. Plans Now Being Drawn

PWA Has Approved Funds, Letter Declares

Answering anxious inquiries from Redwood City as to the status of the proposed Redwood City postoffice project, United States Senator William Gibbs McAdoo reported today that bids are expected to be called within the next 60 days.

The information was contained in a letter received in San Francisco by Maurice E. Harrison, chairman of the Democratic state central committee of California, who is a brother of Edward T. Harrison of Redwood City.

Senator McAdoo forwarded a copy of a letter received by him from W. E. Reynolds, assistant director of public works, giving the status of the project.

The letter informed McAdoo that the project has received an allotment from the PWA and the drawing of the plans was now proceeding.

"It is hoped to advertise for bids for the construction in the next 60 days," Reynolds informed McAdoo.

Site of the postoffice on Jefferson avenue, between Broadway and Middlefield road, has been cleared for some months awaiting the start of the new building.

Eugent J. Crane Issues Council Campaign Paper

Eugent J. Crane, candidate for councilman in Menlo Park, has struck the keynote in his campaign for re-election by issuing the following statement.

"When I took office four years ago, strife and discord were notorious in our city government; our treasury was low and the cost of government was the highest in our incorporated history—in fact, expenditures far exceeded revenues. We all remember these conditions and the causes of them.

"I stand on my record and on the platform on a 'square deal' and not any 'new deal' which advocates greater expenditures on the one hand while glibly promising lower taxes on the other."

George Nesbitt Addresses Club at S. J. Hotel

George F. Nesbitt, candidate for election to Menlo Park's city council, on Tuesday evening of this week addressed the members of the San Jose Camera club, meeting at the club headquarters at the Hotel St. Claire. His subject was the optical properties of photographic papers.

Mr. Nesbitt is a resident of Stanford Park where he has made his home for the last four years, and is a great booster for his home city. He became prominent in local civic affairs upon the occasion of his vigorous opposition to the openeing of a dog racing track in Menlo Park, and his present candidacy for city councilman is sponsored by the many citizens who were associated with him in that effort. Mr. Nesbitt has had wide experience as an engineer and as an executive and his nonpolitical qualifications have won him many supporters in the present campaign.

OCEAN SHORE HIGHWAY WOES ARE AIRED; $100,000 OFFERED FOR PROPERTY

Although in his "honest opinion the land is not worth $50,000," Supervisor Andrew Gallagher of San Francisco, chairman of Joint Highway District No. 9, declared Tuesday at a public meeting in the Burlingame City Hall that he stands ready to pay $100,000 for a right of way on Pedro mountain in San Mateo county so that work may start on the seven-year delayed Ocean Shore boulevard.

Gallagher said his offer is not for the 5.2 mile stretch on which Superior Judge Maurice Dooling Jr., of San Benito county, set a price of $112,000, but for the entire 15-mile right-of-way owned by the former Ocean Shore Railway Company.

Judge "Dead Wrong"

The board chairman and Henry Heidelberg, attorney for the highway district, both held that Judge Dooling was "dead wrong" in the price fixed for the small Pedro mountain link.

Both severly criticised the jurist's verdict.

Gallagher expressed himself as "sore" at the acquisition by Selah Chamberlain, Woodside capitalist, of part of the Ocean Shore right-of-way. He expressed his belief that Chamberlain never intends to build a logging railroad or toll road over Pedro mountain.

The highway chairman alleged that the district had been unfairly treated by the directors of the Ocean Shore railway in the negotiations for the right-of-way.

Gallagher said the Ocean Shore interests had assertedly agreed to sell the highway stretch to the district for $100,000 on terms and not to sell to Chamberlain except for $100,000 cash. He said, however, the railway finally took $25,000 cash as a down payment while the district directors were trying to raise the money with state aid.

State in Picture

The state, Gallagher said, is now interested in securing about one mile of the Ocean Shore holdings at Thornton, in San Mateo county, for a link from Sharp's Park, Salada Beach, to the Skyline. If successful, Gallagher said, this will cut out a middle portion of the Ocean Shore right-of-way and create a holding which will have neither beginning nor ending.

Gallagher informed the Burlingame gathering that the story of the Ocean Shore highway is "nothing but a trail of sorrow." He said it was the most bludgeoned project on which he had labored in 30 years of public experience.

Low Price First Set

He said the work was started seven years ago at Pedro mountain because right-of-way experts told him that the land could be secured for as low as $2500 or $5,000. The price stepped up rapidly, he said, when negotiations got underway.

Gallagher said he hoped "to shame the directors of the Ocean Shore railway into a spirit of civic decency."

The highway chairman alleged that the San Mateo County Federation of Improvement Clubs and Associations was "used" to get the district to pay the $112,000 which Judge Dooling said the land was worth. The association campaigned to get the work started and Gallagher bolted a San Francisco meeting when leaders of the federation called for a showdown on the project.

Want Clear Title

If and when the district pays the $100,000 or any price for the Ocean Shore interests it will do so only if a clear title is given and the railway agrees to assume any "grief" which might result. Gallgher said.

Heidelberg urged the start of new condemnation preceedings against the Oceon Shore interests. These would be brought by the state of California, he said, the only agency now empowered to take up the fight lost by the district.

The attorney said that unless Chamberlain gets a good price from the district or state for the right-of-way he believes that Chamberlain is "holding a lemon."

Heidelberg said he was willing to fight the new right-of-way battle without remuneration. He urged that the new condemnation proceedings be placed before a San Mateo county jury, stating that the failure to do this in the first instance instead of putting it up to Judge Dooling was in his opinion "a fundamental mistake."

A jury, he believes, would not have given more than $8,000.

Little State Aid

Col. John H. Skeggs, district engineer of the state highway commission, informed the group that there was little hope of state funds outside of the $100,000 now available for a stretch of the road near the San Francisco line.

The San Francisco-Santa Cruz section of the coast highway is the "weak link" in the dream of a highway from Canada to Mexico, he said.

Skeggs said the highway's fate rests with the willingness of the district directors to proceed with district funds. The state, he said, will take over the maintenance of the road.

16 TEACHERS OF PENINSULA FACE OUSTER

Living Outside S. F. May Cost Jobs in Schools

Merton F. Hughes of Redwood City, one of 111 teachers in the San Francisco public schools whose dismissal is requested of the board of education by the Good Government League on the grounds of non-residence, today branded the action of the league as "un-American."

Hughes is an instructor in drawing at Galileo high school and maintains a residence here at 3032 Broadway.

"Final decision in the matter rests with the board of education," Hughes said this morning. "If the board requests us to live in San Francisco, we shall have to comply or be subject to dismissal for insubordination. However, no such request has been made to us."

Hughes reported that the teachers affected by the Good Government League's proposal come within the provisions of the tenure law and cannot be summarily dismissed for non-residence. They are prepared for a legal fight to retain their jobs and will carry the case to the supreme court if necessary, the Redwood City man said.

Fifteen other peninsula residents are listed as non-resident teachers in the league's complaint. They include E. W. Barker of San Carlos, who is also on the Galileo faculty, and others from the following cities:

Palo Alto—C. E. Purviance, Mabel Wood, Gertrude L'Hommedieu.

Mountain View—Shirley Wood.

Burlingame—Frank E. Barr, Marie E. Christensen, Louise M. Plant, Rose M. Stack, Naomi E. Hause, Genevieve O. Loudon, Lillian T. Weeks, C. D. Markley.

San Mateo—Elmer W. Anderson, Muriel Hall.

Tanforan Race Season Is Off to Good Start

What promises to be one of the most succesful racing meets ever held in California got off to a brilliant start yesterday at Tanforan track in San Bruno. Thousands of spectators were on hand for the inaugural event, which lured some of the finest horses stabled at the track.

The meeting opened with several new features under the direction of J. W. Marchbank, widely-known California sportsman and breeder of fine horses. Among the novelties that attracted marked attention were the new pari-mutuel machines, which proved their efficiency and absolute accuracy at a test earlier in the week, watched by officials of the track and members of the California Horse Racing board.

There was a new feeling of harmony at the track, when it opened yesterday, following an announcement from the racing board that every co-operation will be extended to Tanforan to insure a successful meeting. The board made it clear that if racing was to return to its former place of favor and popularity in California, Tanforan must be the starting point, and upon the success of Tanforan depended to a large degree the future of the sport.

McCarthy Suggests City Consolidation

BELMONT, Mar. 28.—Paul H. McCarthy, councilman of Redwood City and president of the peninsula division of the League of California Municipalities, was the main speaker at a meeting held last evening by the Belmont Citizens' Association for Good Government.

The speaker outlined "Municipal Government Trends, Past and Present, and the Importance of an Interested Citizenry." He suggested the importance of consolidating ,Belmont, San Carlos, Redwood City, Atherton and Menlo Park into one unit of government, with the center in Redwood City.

Track Loses Plea to End 'Annoyance'

McGrath and Scott Now Free to Pay New 'Calls'

Superior Judge Maxwell McNutt refused to "tie the hands" of Sheriff James J. McGrath or District Attorney Edmund Scott from making raids at the Baden Kennel Club at South San Francisco in a ruling handed down at 2 o'clock this afternoon

The jurist discharged an order to show cause which he had signed against Scott late Tuesday and denied the temporary injunction which Attorney Joseph J. Bullock had sought on behalf of the kennel club pending the outcome of the hearing on a plea for a permanent injunction.

This opens the way for Scott and McGrath to proceed with new raids against the Baden club, as Scott has heretofore threatened.

Judge McNutt said there was "not much mystery in the law," and ordinarily a court of equity cannot restrain the hands of authorities in proceeding against alleged law violators. He said the usual exceptions did not apply in this instance.

The jurist said that efforts to bring out the character of the business conducted at Baden had been made impossible by the refusal of Baden club employes to testify.

Whether other tracks had operated without interference could not have any bearing on the policies of the sheriff and the prosecutor in proceeding against the Baden track, McNutt said, declaring this was a matter in which the court could hold no interest.

Abuse of Power Alleged

Bullock, in his plea that the court "tie the hands of the district attorney," accused Scott of "barking like a kiyoodle" in his threats to continue raids at Baden until the dog track quits operating. He accused the sheriff and prosecutor of abusing their powers.

Bullock said that Scott should immediately take steps to bring the 12 defendants seized at the track March 22 into justice court in an attempt to prove them guilty of gambling.

Further raids, he said, were not necessary, and he argued this was proof that Scott merely sought to "harass and annoy" the track operators.

Neglect Charged

The Baden attorney charged Sheriff James J. McGrath and Scott with alleged neglect in not proceeding against the Belmont track when it was operating prior to the opening of the South San Francisco plant.

Scott accused the dog track operators with not coming into court "with clean hands." He cited in support of his statement the absence of R. C. Stickle, president of the Baden club, who purportedly is "ill;" the refusal of Stickle to permit McGrath to "inspect" the premises when requested to by the sheriff, and the hiding of certain track employes behind trap doors to avoid arrests, as examples.

The district attorney questioned the right of the court of equity to stay his hand in making further arrests. He said that no physical damage was done to the property at the track, nor was the business of the track interfered with during or after the raids.

The mere fact that he had made a raid and arrested 12 individuals does not automatically grant the Baden track a license to operate unmolested from that period on, Scott argued.

Ticket Buyer Testifies

Scott placed Ormond Nelson on the stand to introduce an option ticket which Nelson said he purchased at Baden. Nelson said he observed that amounts paid for the redemption of the options were always in excess of the amounts paid for the ticket originally.

Bullock argued that Scott had failed to show that Stickle or the Baden club had any connection whatever with the sale of the ticket.

The track attorney also said the parties he represents "admit that races are run" but said "there is nothing to show that Stickle runs them."

Bullock said the sheriff had no more right to enter the Baden premises than any other individual if he was not armed with a search warrant and defended Stickle's refusal to permit an inspection of the premises.

Estate of David Collie Left To Poor House in Native Land

His native Scotland was strong in the memory of David Collie, 87, widely known Redwood City gardener, during the last few days before his death at his home here last Thursday, it was indicated today when his will was filed for probate with the superior court.

The Combination Poor House of Stonehaven, Kincarginshire, Scotland, is bequeathed the greater part of his estate, valued in excess of $10,000, according to the will, which was drawn the day before his death.

The will directs that his house and property on El Camino Real, his bond holdings and cash in three banks go to the poor house for the benefit of the women's ward. Mr. and Mrs. William Meehan of Redwood City are bequeathed $1000 in cash and the furnishings of his home and are named trustees of the legacy for the poor house and executors of his will.

Kincaid and Fitzpatrick are attorneys for the petitioners.

Mr. Collie was one of a group of Scotchmen, including John McLaren, now superintendent of parks in San Francisco, who came to California in 1872. For a number of years he was a gardener on the Selby, Atherton and other estates at Atherton. Later he for many years operated his own nursery.

His wife, Jane McWilliams Collie, died several years ago.

Atherton to Equip Five Cars For Hook-Up in Police Radio

ATHERTON, Mar. 28—Purchase of five radio receiving sets for police and fire department use was authorized yesterday afternoon at a meeting of the Atherton City Council.

Four of the machines will be installed in police cars and a fifth in a Menlo Park Fire District automobile. The fire district embraces Atherton as well as Menlo Park and adjacent territory.

The Atherton radio apparatus will be part of the system operated from Palo Alto police headquarters under the call numbers KGHK. Menlo Park and Stanford University police forces are also included in the short wave hook-up.

Because the state already maintains El Camino Real through the city limits of Atherton, funds allocated to the city as its share of the California gasoline tax will be expended on maintainance of three lateral thoroughfares—Atherton avenue, Selby lane and Fair Oaks lane.

A major street plan designating these three streets for upkeep by the state division of highways out of Atherton's gas tax allocation was approved. Approximately 22,000 feet of road are involved.

Mrs. Augusta M. Schmidt was appointed as inspector of the municipal election board in place of Mrs. Elizabeth M. Knapp, deceased.

The election will be held on April 9, with four precincts consolidated into one located in the city hall. Three incumbents on the city council are unopposed for re-election. They are Mayor J. A. Donohoe and Councilmen Edward L. Eyre and Clarence Walter.

WEEK DELAY IN MORRISON CASE TAKEN

Kellogg to Spend Time Drawing Up Set Of Charges

Action on the ouster of Dr. Harold E. Morrison, San Mateo county health officer, as requested by the San Mateo County Board of Health, was delayed Monday for one week by the board of supervisors.

Meanwhile, however, County Executive Walter Kellogg will proceed with the drawing up of the charges upon which the supervisors are expected to suspend Dr. Morrison at next week's meeting.

Kellogg concurred in the health board's resolution adopted last week that Dr. Morrison is temperamentally unfit for the post.

The executive said that in the past when he has refused to "yes" all the suggestions Dr. Morrison has made the health officer has abruptly terminated the conversations and hastily departed the executive's offices without further discussion.

This was the substance of the health board's complaint that Dr. Morrison flew into "causless rages" and subjects affecting the department could not be rationally discussed with him.

The charter will be closely followed by the supervisors in Dr. Morrison's ouster so that no hitch will occur by which the health chief could be reinstated by the courts as was the case in the last ouster proceeding.

District Attorney Edmund Scott will be asked to confer with Kellogg on drafting the charges in the proper legal form.

The charter provides for a public hearing during which the charges must be aired. Dr. Morrison will have the opportunity at that time to defend himself.

The board's decision to delay action one week was taken upon motion of Supervisor John Poole, Redwood City, and seconded by Supervisor Manuel Francis, Half Moon Bal.

LOCAL PLANT WINS SAFETY AWARD AGAIN

Cement Mill Operates Without Accident During 1933

Operating throughout 1933 without a single lost time accident, the Pacific Portland Cement Company of Redwood City has again won the safety trophy awarded annually by the Portland Cement Association, it was announced in Chicago today by J. B. John, chairman of the committee on accident prevention and insurance of the association.

Previous awards were won by the Pacific plant in the years 1929, 1930 and 1931.

A. G. Lang, superintendent of the local mill, will be notified of the new award shortly.

With this spotless safety record, the Redwood City cement mill joins 36 others throughout the United States and Canada in repeating no-accident records achieved in previous years.

Also, it was announced, 12 cement plants made their first clean safety records in 1933 and will receive trophies. This makes a total of 49 no-lost-time awards for 1933 among the 160 cement plants entered in the association safety contest.

The permanent trophy, and eighton sculptured monument, which was given to the plant as the original award, will be fittingly inscribed with the date and record of the 1933 safety achievement of the workers in the Redwood City plant.

11 Fast Events on Tap Saturday at Baden Track

SOUTH SAN FRANCISCO, Mar. 30.—There will be no racing at Baden Kennel club tonight, in observance of Good Friday. Racing will be resumed tomorrow night when 11 fast events will be run off, including a special five-dog matched race similar to the one which thrilled Baden fans a week ago.

In that race, Buddy Hawke, the California-Florida champion, an invader owned by Norville Allen, clipped Wilkie Wonder, California representative, at the wire, to send the title out of the state. R. C. Stickle, president of Baden Kennel club, presented a handsome trophy to the winner.

Program Set For Sunrise Easter Rites

Record Participation Is Expected Early Sunday Morning

Program for the peninsula-wide Easter sunrise service to be held in the improved natural amphitheatre near the foot of the illuminated cross at Emerald Peak in the foothills west of Redwood City Sunday morning was announced today by the Rev. N. W. Pendleton, representative of the ministerial union on the community's general committee arranging the annual event.

The service will start at 5:56 a. m.

With plans completed for the attendance of residents of all peninsula communities, the largest crowd in the history of these colorful early morning periods of worship is expected. While approximately 2,000 have made the pilgrimage in previous years and have gathered in the lower portion of the outdoor bowl, greater numbers may be accomodated this year as the result of terracing and the placing of stairways in the bowl by CWA workers.

The bowl location was declared by Dr. E. J. Evans of Boston, the Easter preacher, to be ideal when he made an inspection trip to the site late last week with the Rev. C. H. Gatchell.

The complete program of the service is as follows:

1. Fanfare of trumpets at sunrise.
2. Overture by the CWA orchestra, Elmer Vincent, director.
3. Invocation, the Rev. Charles M. Gatchell.
4. Hymn, "Onward Christian Soldiers," male chorus, orchestra and congregation; Charles G. Lambert, song leader.
5. Scripture lesson, the Rev. Norman W. Pendleton.
6. Prayer, the Rev. Paul Offenhiser.
7. Hymn, "Jesus Christ Is Risen Today," male chorus, orchestra and congregation.
8. Sermon, the Rev. E. J. Evans of Boston, Mass.
9. Hymn, "All Hail the Power of Jesus' Name," male chorus, orchestra and congregation.
10. Postlude by the CWA orchestra.
11. Benediction, the Rev. A. M. Cottingham.

Mountain View Office Damaged By Bomb Blast

MOUNTAIN VIEW, Mar. 28 (UP)—Bombing of a real estate office here was attributed today to "spite work" on the part of unnamed enemies of William P. Wright, whose property was damaged.

It was learned that barns and a toolshed on Wright's ranch near here had been wrecked by a previous explosion.

The dynamiting last night wrecked the interior of the realty office, tore a hole in the roof, and shattered windows in the First National Bank building adjoining. Patrons of a nearby theatre were frightened by the noise.

Arthur Excell, local policeman, was thrown to the ground by the concussion. Just before the dynamite exploded, he had been on the roof of Wright's office investigating smoke fumes.

Investigators learned that two men in an automobile had been seen in the vicinity of the building before the explosion.

Grand President Irma W. Laird, N. D. G. W. of Alturas, paid an official visit to Menlo Park and Palo Alto parlos at a joint meeting held in Masonic Hall in Menlo Park Monday evening. Visitors from Oakland, San Francisco, San Bruno, Daly City, Redwood City, Mt. View and San Jose were present. The meeting was interrupted for an hour to hear the N. D. G. W. broadcast over station KQW in San Jose under the direction of Grand organist Clara Gauiraud, a member of San Jose parlor. Three candidates were initiated from Palo Alto parlor and one from Menlo Park.

Mrs. George Augus entertained at a card party for the benefit of the P.-T. A. at her home on Winchester drive Thursday afternoon.

A delegation from Menlo Park American Legion Auxiliary attended an initiation at Redwood City Veterans' hall Friday evening. Isabelle Weeden Lindquist sang Fritz Kreisler's "Lullaby" during the ceremonies.

Miss Catherine Alyward, beautiful young daugnter of Mr. and Mrs. Thomas Alyward of Stanford Pard, will leave today on a vacation trip to New York for two weeks. Miss Aylward is the stewardess for an airline running between San Francisco and Seattle.

The city council is acutely annoyed over what it describes as a habit of San Mateo county CWA officials in neglecting Menlo Park residents when jobs are handed around for CWA projects within Menlo Park's city limits.

That fact became apparent at a meeting of the city council last night, after Mayor W. H. Weeden had reported on recent conversations with Sam D. Merk, county CWA chief.

The mayor and members of the council expressed regret that the conversations had apparently failed in their purpose of securing employment for a greater number of residents on city CWA jobs. Many nonresidents, it is claimed by council members are given jobs, despite the fact that many deserving Menlo Park residents remain unemployed.

Weeden announced that he would take the matter up again with Merk in the near future.

One relief project, financed out of county funds and directed by CWA officials, is now in progress in the city.

Special services of Martin Charshaf as a member of the Menlo Park police force were terminated by action of the council last night.

Charshaf has completed service of one month for which he was engaged, it was explained, in connection with the city's anti-speeding campaign.

Mayor W. H. Weeden explained that the council's action had nothing to do with criticisms aimed at the administration by the Uew Deal Club, which is backing three anti-administration candidates in the municipal election scheduled for April 9. The New Deal organization objected to Charshaf's place on the force on the grounds that he is a resident of Atherton rather than Menlo Park.

Dr. Harold E. Morrison, San Mateo county health officer whose ouster has been requested by the county's board of health, will be paid for services performed in Menlo Park since the first of this year.

A spirited campaign is being waged for seats on the city council by six candidates for the three places that become vacant at the election on April 9. Two of the three incumbents, E. J. Crane and W. E. Dale, seek re-election, Anderson retiring. Mr. Crane has devoted nearly all his time to his duties as police commissioner and councilman and desirves well at the hands of the voter. Mr. Dale, too, has given much attention to his duties on the council. He should fare well with the electrate. The other candidates are J. E. Cooper, the garage man; Henry Carroll, merchant; George F. Nesbitt, a Stanford Park resident, and Irving Dunn, who conducts the Associated Oil station here. This is his first appearance in politics and he is making a strenuous campaign for a seat on the council. Should Crane and Dale be chosen the personnel of the city government may remain as it is, while a change in the program may cause an upset. Apparently there is no combination on the part of any of the candidates, each battling for himself and all having big followings. A full vote will be brought out on April 9, on account of the activities of the campaign.

Mrs. R. McNally, a pioneer of Menlo Park, is seriously ill at her home on Glenwood avenue. She is far advanced in years and her friends are much alarmed by her condition.

Slayer of R. C. Man May Gain Freedom

Warren R. Dutton, slayer of Robert Arnolde, 22, member of a Redwood City family, may soon be given his freedom again from the Mendocino State Hospital for the Insane, it was reported today.

Dutton, member of a pioneer family, in May, 1930, shot and killed Arnolde, driver of a San Francisco taxicab, whom he had never seen before he stepped into the cab.

A jury found Dutton insane, and he was committed to a state hospital. A year later he was released after being adjudged sane, but last summer he was committed again.

Airport Complaint Is Filed by Cooley

A request that the railroad commission take jurisdiction over the San Mateo airport and order its re-opening was contained in a complaint filed with the railroad commission today by Charles P. Cooley, San Carlos aviator. Defendants named in the complaint are Alameda Airport, Inc., and California Air Terminals Co., Ltd., both said to be subsidiaries of Curtiss-Wright Airports Corporation.

The complaint alleges that the San Mateo airport is owned and has been operated by the defendant companies as a public utility; that it was recently closed and the land leased without permission from the railroad commission; that the land has been dug up and trees planted preventing its use as an airport. These acts, the plaintiff alleges, have interfered with his use of the airport as a pilot and teacher of aviation.

The complaint alleges that the lease is invalid because it did not receive the consent of the railroad commission.

A new record ocean depth has been discovered off the coast of Puerto Rico—44,000 feet.

CHAN & KONG, HERB SPECIALISTS

The most modern herb laboratory and the largest and most complete stock of Chinese herbs of every description for every ailment is now on hand for your convenience.

YOUR PATRONAGE AT THIS REDWOOD CITY OFFICE IS CORDIALLY INVITED

In establishing our elegant offices at 753 Highway, we make our initial bow to the residents of this district, having for our purpose the performance of the same character of healing service which we have been giving to Californians elsewhere.

For a quarter of a century we have been established in San Francisco, Oakland, and other cities, and as result of our efficacious treatment of illness by our Chinese herbs, we have thousands of testimonials covering almost all kinds of human ailments. What we have done for others, is it not reasonable to assume that we can do the same for you?

The imported herbs of over 3000 varieties, which we employ have been known and used by the Chinese people for thousands of years and were among the first to bring a working knowledge and application of this to people of the Western world.

We import, compound, and prepare our own herbs which are positively non-narcotic or stimulating; only the natural Herbs God put into the ground for the very purpose of healing mankind.

Our files of testimonials are open to your inspection and you will find them covering almost every ailment.

Whatever your trouble may be and howsoever discouraged you may have become because of failure in your efforts to secure relief, come and consult us for quick and permanent results. When you face the numerous voluntary testimonials of grateful patrons, you will please bear in mind that our occidental patrons have come to us ONLY AFTER REPEATED FAILURES FROM TREATMENT BY OTHERS AS CHRONIC and HOPELESS.

Vandalism Reported At Week-End Cabin

Several hundred dollars worth of damage was done within recent days by vandals at the week-end cottage of Ed Geib of 844 York street, San Francisco, on the Portola road near the Stanford golf course, according to a report today to Constable F. B. Grill.

The vandals broke into the house through the back door, smashed a clock, furniture and beds, threw dishes into the nearby creek and strewed food kept in a closet all over the house.

Geib's cottage has been entered by burglars on previous occasions.

MRS. HARTLEY TRUST TRIAL WILL START

Local Court to Hear Contest Brought by Relatives

Trial of the suit of Dollie, Birdie and J. B. Bacon, relatives of the late Mrs. Jennie E. Hartley, widely known former Redwood City school teacher, against the Bank of America and Carl E. Wagner, former manager of the bank's branch here, to break a trust set up by her is scheduled to commence tomorrow in Department No. 1 of the superior court here.

One article of the trust directed that $40,000 be held as a trust fund for the education of Wagner's two children, with the provision that the principal was to be turned over in 1951 to Stanford for a scholarship fund.

Richard W. Barrett, as special administrator of Mrs. Hartley's estate, is also a plaintiff in intervention in the suit. It is alleged that Wagner exercised undue influence upon Mrs. Hartley, who died August 29, 1932.

A will of Mrs. Hartley was broken in trial of a previous suit.

Two Children Killed When Mother Faints

SAN RAFAEL, Mar. 27 (UP)—Investigation today showed that Mrs. Agatha Moore, 32, San Anselmo, fainted at the wheel of her automobile just before it crashed into a tree, killing two of her children and injuring two other persons.

The dead were Marion Blank, 7, and Lola Blank, 5, Mrs. Moore's daughters by a former marriage. Those seriously injured were her mother, Mrs. A. A. De Ridder, 62, and a third daughter, Bernice, 10.

McGrath Seeks More Speed on Home Loans

Representative John J. McGrath today notified Monroe Butler, California state manager of the California Home Owners' Loan Corporation, that negotiations for loans in outside counties of Northern California will be expedited, the Associated Press reported from Washington.

Santa Clara and Santa Cruz counties protested to McGrath that long delays in the Los Angeles office had nullified the advantages offered by the home loan plan.

"We would prefer, of course, the establishment of a Northern California office of the corporation," McGrath said, "but increased personnel in the Los Angeles office should greatly facilitate the handling of loans in Northern California. I am still working for a Northern California headquarters."

S. F. APPROVES COUNTY ACTION ON BILLBOARDS

Action of the San Mateo County Planning Commission in proposing legislation to protect the boulevards in San Mateo county from billboards "certainly meets with the strong approbation of the city planning commission of the City and County of San Francisco," the planners were informed today.

On October 26, 1929, the supervisors in San Francisco adopted an ordinance which prohibited the erection of billboards on some 20 boulevards in that city, it is reported.

"This commission feels that your proposed action in San Mateo county will be as beneficial to your county as was the legislation enacted in the City and County of San Francisco," the planners are advised.

The United States is represented in 15 foreign countries by ambassadors.

San Bruno Wife Commits Suicide By Shot in Head

SAN BRUNO, Mar. 26 — Mrs. Esther De Curcey, 36, San Bruno clubwoman and civic worker, was found dead at her home at 481 Mastick avenue here yesterday with a wound in the temple. She is believed to have committed suicide.

She had been nervously overwrought, investigating officers were informed.

Mrs. De Curcey remained in the house when her husband, Ralph De Curcey, San Francisco mechanic, and her father, Charles F. Weise, went out to the garage to work on their automobile.

The two men returned to the house an hour later. They called to Mrs. De Curcey but received no answer. She was found on the floor of the bathroom with a gun in her hand and a wound in her temple.

Dr. F. Holmes Smith pronounced her death when he arrived at the De Curcey home. An inquest is scheduled to be held tomorrow.
